A Special Event to Benefit Horses in Need

AN AFTERNOON COMMUNICATING WITH OUR ANIMAL COMPANIONS

Featuring Animal Communicator (pet psychic) Charles Peden. Come join us as Charles shares his path from skeptic to full time psychic medium and animal communicator. Charles will reveal techniques for communicating with animals and then he will communicate messages from animals connected to those in attendance. Personal detailed messages will be delivered. Animals both living and passed may be communicated with. Please do not bring your animals as all communication takes place telepathically. Photos and or descriptions are not required in order to connect with your animals, all that is required is a name and the intent.

All proceeds raised will go directly to "ReHorse Rescue Ranch" so as to cover the costs of caring for and when possible finding a new home for abused and abandoned horses.

"Peden has become a popular attraction at fundraisers like the upcoming Vallejo event," Benicia/Vallejo Humane Society Executive Director Peter Wilson said. "Last year he agreed to stay past the end of the event because the line to see him was so long," Wilson said. "And the response was similar the previous year."
